SECTION 1: Identification

1.1. Identification

Product form: Mixture
Product name: CN2000E Waterproof Material
Generic name: Polyurethae injection

1.2. Relevant identified uses of the substance or mixture and uses advised against

Use of the substance/mixture: Concrete waterproofing; injection
Restrictions on use: For professional use only

1.3. Details of the supplier of the safety data sheet

Manufacturer: Tianjin Hi-Tech Industry Park ZHONGHE Waterproof Material Co.,Ltd.
No.168, Jintang Road, Hedong District,Tianjin, China 300180
T: 86-22-84801243
Fax: 86-22-24965149
URL: http://www.zhonghe2000.com
E-mail: zhonghe2000b@163.com

Exclusive Distributor: Kelso Abrasives and Coatings Inc.
405 Industrial Dr. Unit #14
Milton, ON Canada L9T 5B1
T: 905-281-3921

1.4. Emergency telephone number

Emergency number: (416) 574-2092

SECTION 2: Hazard identification

2.1. Classification of the substance or mixture

GHS classification
Resp. Sens. 1

2.2. Label elements

GHS labelling
Hazard pictograms (GHS): GHS08

Signal word (GHS): Danger

Hazard statements (GHS): May cause allergy or asthma symptoms or breathing difficulties if inhaled.
Precautionary statements (GHS): Avoid breathing dust/fume/gas/mist/vapours/spray. wear respiratory protection. If inhaled: If breathing is difficult, remove person to fresh air and keep comfortable for breathing. If experiencing respiratory symptoms: Call a poison center/doctor. Dispose of contents/container to hazardous or special waste collection point, in accordance with local, regional, national and/or international regulation

2.3. Other hazards

No additional information available

2.4. Unknown acute toxicity

Not applicable

SECTION 3: Composition/information on ingredients

3.1. Substances

Not applicable

3.2. Mixtures

*Chemical name, CAS number and/or exact concentration have been withheld as a trade secret
**SECTION 4: First-aid measures**

**4.1. Description of first aid measures**

First-aid measures after inhalation: IF INHALED: Remove person to fresh air and keep comfortable for breathing. If experiencing respiratory symptoms: Call a POISON CENTER/doctor.

First-aid measures after skin contact: If skin irritation occurs: Wash skin with plenty of water. Obtain medical attention if irritation persists.

First-aid measures after eye contact: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.

First-aid measures after ingestion: Do NOT induce vomiting. Never give anything by mouth to an unconscious person. Get medical advice/attention if you feel unwell.

**4.2. Most important symptoms and effects, both acute and delayed**

Symptoms/effects after inhalation: May cause irritation to the respiratory tract. May cause allergy or asthma symptoms or breathing difficulties if inhaled.

Symptoms/effects after skin contact: May cause skin irritation. Repeated exposure may cause skin dryness or cracking.

Symptoms/effects after eye contact: May cause eye irritation. Symptoms may include discomfort or pain, excess blinking and tear production, with possible redness and swelling.

Symptoms/effects after ingestion: May be harmful if swallowed. May cause gastrointestinal irritation, nausea, vomiting and diarrhea.

**4.3. Indication of any immediate medical attention and special treatment needed**

Symptoms may be delayed. In case of accident or if you feel unwell, seek medical advice immediately (show the label where possible).

**SECTION 5: Fire-fighting measures**

**5.1. Extinguishing media**

Unsuitable extinguishing media: Do not use a water jet since it may cause the fire to spread.

**5.2. Special hazards arising from the substance or mixture**

Fire hazard: Products of combustion may include, and are not limited to: oxides of carbon.

**5.3. Advice for firefighters**

Protection during firefighting: Keep upwind of fire. Wear full fire fighting turn-out gear (full Bunker gear) and respiratory protection (SCBA).

**SECTION 6: Accidental release measures**

**6.1. Personal precautions, protective equipment and emergency procedures**

General measures: Use personal protection recommended in Section 8. Isolate the hazard area and deny entry to unnecessary and unprotected personnel.

**6.1.1. For non-emergency personnel**

No additional information available

**6.1.2. For emergency responders**

No additional information available

**6.2. Environmental precautions**

Prevent entry to sewers and public waters.

**6.3. Methods and material for containment and cleaning up**

For containment: Absorb and/or contain spill with inert material (sand, vermiculite or other appropriate material), then place in suitable container. Do not flush into surface water or sewer system. Wear recommended personal protective equipment.

Methods for cleaning up: Sweep or shovel spills into appropriate container for disposal. Provide ventilation.

**6.4. Reference to other sections**

For further information refer to section 8: "Exposure controls/personal protection"

**SECTION 7: Handling and storage**

**7.1. Precautions for safe handling**

Precautions for safe handling: Avoid contact with skin and eyes. Avoid breathing dust/fume/gas/mist/vapours/spray. Do not swallow. Handle and open container with care. When using do not eat, drink or smoke. Use only outdoors or in a well-ventilated area.

Hygiene measures: Wash contaminated clothing before reuse. Always wash hands after handling the product.
7.2. **Conditions for safe storage, including any incompatibilities**

Storage conditions: Keep out of the reach of children. Keep container tightly closed. Store in a dry, cool and well-ventilated place. Protect from sunlight. Protect from moisture.

---

**SECTION 8: Exposure controls/personal protection**

8.1. **Control parameters**

</tr>
</tbody>
</table>

8.2. **Exposure controls**

Appropriate engineering controls: Ensure good ventilation of the work station.

Hand protection: Wear suitable gloves.

Eye protection: Safety glasses or goggles are recommended when using product.

Skin and body protection: Wear suitable protective clothing.

Respiratory protection: Wear respiratory protection. Respirator selection must be based on known or anticipated exposure levels, the hazards of the product and the safe working limits of the selected respirator.

Environmental exposure controls: Avoid release to the environment.

Other information: Handle in accordance with good industrial hygiene and safety procedures. Do not eat, drink or smoke when using this product.

**SECTION 10: Stability and reactivity**

10.1. **Reactivity**

No dangerous reactions known under normal conditions of use.
10.2. Chemical stability
Stable under normal conditions.

10.3. Possibility of hazardous reactions
No dangerous reactions known under normal conditions of use.

10.4. Conditions to avoid

10.5. Incompatible materials

10.6. Hazardous decomposition products
Will not spontaneously occur. Adding water produces caustic calcium hydroxide.

SECTION 11: Toxicological information
11.1. Information on toxicological effects
- Acute toxicity (oral): Not classified.
- Acute toxicity (dermal): Not classified.
- Acute toxicity (inhalation): Not classified.
- Skin corrosion/irritation: Not classified.
- Serious eye damage/irritation: Not classified.
- Respiratory or skin sensitisation: May cause allergy or asthma symptoms or breathing difficulties if inhaled.
- Germ cell mutagenicity: Not classified.
- Carcinogenicity: Not classified.
- Reproductive toxicity: Not classified.
- STOT-single exposure: Not classified.
- STOT-repeated exposure: Not classified.
- Aspiration hazard: Not classified.
- Symptoms/effects after inhalation: May cause irritation to the respiratory tract. May cause allergy or asthma symptoms or breathing difficulties if inhaled.
- Symptoms/effects after skin contact: May cause skin irritation. Repeated exposure may cause skin dryness or cracking.
- Symptoms/effects after eye contact: May cause eye irritation. Symptoms may include discomfort or pain, excess blinking and tear production, with possible redness and swelling.
- Symptoms/effects after ingestion: May be harmful if swallowed. May cause gastrointestinal irritation, nausea, vomiting and diarrhea.
- Other information: Likely routes of exposure: ingestion, inhalation, skin and eye.

SECTION 12: Ecological information
12.1. Toxicity
Ecology - general: May cause long-term adverse effects in the aquatic environment.

12.2. Persistence and degradability
- CN2000E Waterproof Material
  Persistence and degradability: Not established.

12.3. Bioaccumulative potential
- CN2000E Waterproof Material
  Bioaccumulative potential: Not established.

12.4. Mobility in soil
No additional information available

12.5. Other adverse effects
Other information: No other effects known.

SECTION 13: Disposal considerations
13.1. Waste treatment methods
Product/Packaging disposal recommendations: Dispose in a safe manner in accordance with local/national regulations
CN2000E Waterproof Material
Safety Data Sheet

SECTION 14: Transport information

Department of Transportation (DOT) and Transportation of Dangerous Goods (TDG)
In accordance with DOT/TDG
Not classified as dangerous goods

SECTION 15: Regulatory information

15.1. Federal regulations
All components of this product are listed, or excluded from listing, on the United States Environmental Protection Agency Toxic Substances Control Act (TSCA) inventory except for:

| Poly[oxy(dimethylsilylene)] | CAS-No. 9016-00-6 |

All components of this product are listed, or excluded from listing, on the Canadian DSL (Domestic Substances List) and NDSL (Non-Domestic Substances List) inventories.

15.2. International regulations
No additional information available

15.3. US State regulations
California Proposition 65 - This product does not contain any substances known to the state of California to cause cancer, developmental and/or reproductive harm

SECTION 16: Other information

Revision date : 12/13/2019
Other information : Manufacturers Notes:
The information on this data sheet reflects the currently available knowledge and is reliable provided that the product is used under the prescribed conditions and in accordance with the application specified on the packaging and/or in the technical guidance literature. Any other use of the product, including the use of the product in combination with any other product or any other process, is the responsibility of the user. It is implicit that the user is responsible for determining appropriate safety measures and for applying the legislation covering his own activities.
